THE FIRST MEETING OF RE BRANDING **A P C**

My dear fellow Africans,

I am deeply humbled to preside over this session of our gathering. Our Elders use to say that “one does not have to stay where he/she has fallen, instead should get-up, pick-up the piece/pieces and continue to strive ahead.” Let us remember that GOD has a way of bringing good out of evil.

Let us remember that HATRED can never end unless we as a people learn how to LOVE. Let us disagree to agree. Let us replace ANGER with COMPASSION. Let us replace GREED with GENEROUSITY. Let us replace IGNORANCE with WISDOM.

We must not accept the dark days of past. We must embrace brotherhood; love and we must change the status quo. There are four types of blood in any group of people. There is no man on earth that is inferior to another man. You cannot be what GOD created you to be until you help another to become what GOD created him/her to be. We are all tied in a common garment of destiny.

That is why we must continue to promote brotherhood and love on each other. We must stop fighting one another for no just course. Remember that LOVE and KINDNESS is like boomerang – the more you give it, the more it comes back to you.

If you pick a stick of broom, it is broken easily but a bunch of broom cannot be broken so easily. We can work together in harmony. There is no wisdom greater than Kindness. We can sacrifice ourselves regardless. We must try to leave our finger-prints of good deeds. What does it benefit you when you seek the downfall of another? Let us do what we can to uplift what we believe in (A.P.C.) – that is the welfare of African peoples.

We will cherish and appreciate your sacrifices. GOD that sees in the dark always bless and protect honest people. Any group of people that are determined to reach any goal, there is no amount of obstacle that can stop them. United we stand; divided we fall. Let our ends justify our means. Thank you very much and GOD bless you all.
